SPECIAL FEATURES

Organic certified. Long acclaimed for its jubilant, easy to drink wines, the west of Sicily is home to the Casa Girelli family vineyard. Grapes are grown on the clay and limestone volcanic terraces, carefully picked and de-stemmed by hand and soft crushed. Frequent remontage/pumping over where the wine is pumped up from the bottom of the tank and splashed over the top of the fermenting must – so that the skins are submerged, and the carbon dioxide is pushed to the surface of the must and released. The wine is then racked and goes through malolactic fermentation in order to obtain the best possible balance between acidity and fruit.

AWARDS

Previous vintages : Decanter World Wine Awards 2017, International Wine & Spirit Competition 2017, James Suckling 2017.
