## SPECIAL FEATURES

The family are one of the oldest and best known in the region for their exceptional attention to detail and adherence to traditional, low intervention, organic, bio dynamic farming. Vines grown on the banks of the Lot river, with wonderful exposition, ensuring the grapes receive maximum sunshine. Claude and Yves Delpéché grow grass between the vines and the vines are pruned according to the lunar calendar. Grapes are harvested at optimum maturity and selected on the sorting table. Natural clarification and two bottlings per year add to the wine's perfectly balanced fruit flavours.

## TASTING NOTES

Satisfyingly dark in colour, with complex aromas of ripe plums with a hint of truffle as well as a pleasing freshness. Packs a fruity punch on the palate with blackberries, blueberries overlaid with nutmeg, cinnamon and clove. Slight liquorice finish with smooth tannins and a touch of spice.
