SPECIAL FEATURES

Superb organic vineyard using wild cultivation on flat table land. Wonderful exposition and long days of sunshine. Bruno Gigondan is one of only two vineyards using the Hydra Agly method of demineralising rainwater for use in the vineyard, which ensures that the vines are not subject to any harsh mineral changes while they grow. The vineyard has been in the same family for 8 generations and they believe firmly in maintaining and preserving the land for generations to come. Organic lavender is grown around the vines, and the air is filled with the aromas of flowers, thyme and rosemary which grow in abundance. A Wine at Home hidden gem.
