SPECIAL FEATURES

The Daffinme brothers' commitment to sustainability includes using home generated solar in the winery and low intervention farming methods to produce their wines. Grapes are gently crushed by rollers that preserve the fruit, and soft pressed to separate the juice from the skins and seeds. The must is left to ferment at 15-18% which keeps all the aromas intact, before the wine is decanted and separated from the lees before bottling.

TASTING NOTES

Golden yellow with a mineral, citrus confit nose and a lovely fresh attack on the palate with plenty of orange zest and gooseberry. Clean, well-balanced with a long, fresh, persistent finish.
